

Canarygeog Worksheet

Modern Industry

1. There is no perfect location for an industry. Write three factors which you think would be most important for a company which manufactures high-tech products.
2. If footloose industries can locate almost anywhere, what problems could this bring to the British economy ?
3. Why are most TNCs based in MEDCs ?
4. Explain why most TNCs manufacture their products in LEDCs.
5. For an LEDC country, what are the costs and benefits of having a branch of a TNC located there.
6. There is a Toyota factory (a Japanese TNC) located in Britain, do you think the UK benefits from having this factory there ?
